

# Proposed Strategies & Schedule for Visioning Input Meetings:

## 1. Informational Webinars:

Approach – Tailor individual informal webinars around one of the strategic goals in the draft vision blueprint.

Format – Staff provides a presentation giving the history of the visioning project, port meetings, development of the draft vision blueprint, and an overview of the goals/objectives/strategies/actions for the strategic goal; collect public input through facilitated discussion with staff via webinar. All webinars will be recorded.

Schedule – Two sessions for each strategic goal (one during the day and one in the evening); *need to decide on times*.

- Science – July 6
- Management – July 7
- Communication – July 8
- Governance – July 9

## 2. Webinar/Comment Stations:

Approach – Set up host comment stations in key communities and meeting venues to offer a facilitated webinar discussion about the four strategic goals under the Vision Blueprint.

Format – Staff provides a presentation giving the history of the visioning project, port meetings, development of the draft vision blueprint, and an overview of the goals/objectives/strategies/actions for the strategic goal; collect public input through a facilitated discussion with Council member (present at the listening station) and staff (in Charleston) via webinar. All webinars will be recorded.

Schedule – See calendar below.

## 3. In-person Meetings:

Approach – In-person meetings in conjunction with scheduled public hearings to offer a facilitated discussion about the four strategic goals under the Vision Blueprint.

Format – Staff provides a presentation giving the history of the visioning project, port meetings, development of the draft vision blueprint, and an overview of the goals/objectives/strategies/actions for the strategic goal; collect public input through a facilitated discussion with Council member and staff (present at the meeting).

Schedule – See calendar below.
