

Topics for Winter 2026 LE AP meeting

DRAFT

- Input on developing amendments:
 - SG Reg 37 (black sea bass) – *if not finalized in December*
 - SG Amendments 60 (commercial measures and trip efficiency)
 - SG Amendment 61 (revision of the FMU)
 - SG Amendment 44 (yellowtail snapper and mutton snapper catch levels and allocations)
 - SG Amendment 62 (state management of recreational red snapper)?
- “Sale” as it pertains to the end of a commercial trip: need to determine if enforcement differs throughout the region and whether this is an issue for other managed species besides snapper grouper.
- Sunsetting of SMZs – evaluation tool, enforcement and compliance
- Headboat vessel limits – how do we write regulations in order for headboats to operate differently
- Updates:
 - BFP, Cit Sci, Lines
 - Shrimp BiOP update re sawfish and manta rays interactions – LE feedback to Council on prioritization
 - JEA Update/priorities
 - Descending device compliance?
