March, 2021

Voluntary e-logbook update

**NOAA
FISHERIES**

SEFSC

- Finalize Technical Requirements Document for 3rd party Vendors
 - ✓ Available to vendors wishing to produce software for voluntary reporting. Mandatory reporting requirements are not yet established.
- Infrastructure changes at ACCSP
 - ✓ A VIEW to push SEFSC data has been developed and data flow is being tested.
- Modifications to ACCSP and SEFSC applications
 - ✓ SEFSC applications complete
 - ✓ ACCSP applications populated and reconciled
 - Integrating and mapping ACCSP data into existing SEFSC Database

Voluntary e-logbook update

**NOAA
FISHERIES**

SEFSC

- Integrating and mapping ACCSP data into SEFSC DB
 - Using an application to push test data to database View. Testing of data flow is dependent on the functionality of eTrips mobile, which has regular/frequent updates.
- Modifications to SEFSC applications
 - Validations are being established for the newly created variables
- Linking SAFIS Participants to SERO entities
 - ✓ Self-creation tool for new SAFIS users (now accommodates business and LLC entities)

Voluntary e-logbook update

NOAA
FISHERIES
SEFSC

Volunteers: We are ready to begin recruitment of commercial fishing permit holders to voluntarily submit their fishing reports electronically.

Potential application developers: All eLog mobile applications will need to reflect SEFSC requirements before approval.

Current Fisheries Electronic Reporting at SEFSC

- Fishers can now register and submit No-Fish Reports electronically
- SEFSC no longer accepts faxed or emailed No-Fish Reports
- All No-Fish reports need to be mailed or submitted through FER website

Summary

- Technical Specifications document for 3rd party vendors is available, voluntary.
- SEFSC is using eTrips application to test data flow and mapping variables.
- Providing feedback to ACCSP to address any outstanding DB issues.
- Account creation tools for new users can now accommodate business or LLC permit holders
- Outreach assistance requested for recruitment of volunteers (Southeast commercial permit holders)
