Draft Update

December 2020

This update draws from panel member and other regional partner input to highlight actions initiated or accomplished to address priority actions presented in the 2018 Two Year Roadmap.

Ongoing Support for Roadmap

The Habitat Protection and Ecosystem Based Management Advisory Panel met in 2018 and 2019 and via webinar in 2020 providing input on State, NOAA and regional partner activities conducted which address Actions in the Two Year Roadmap.

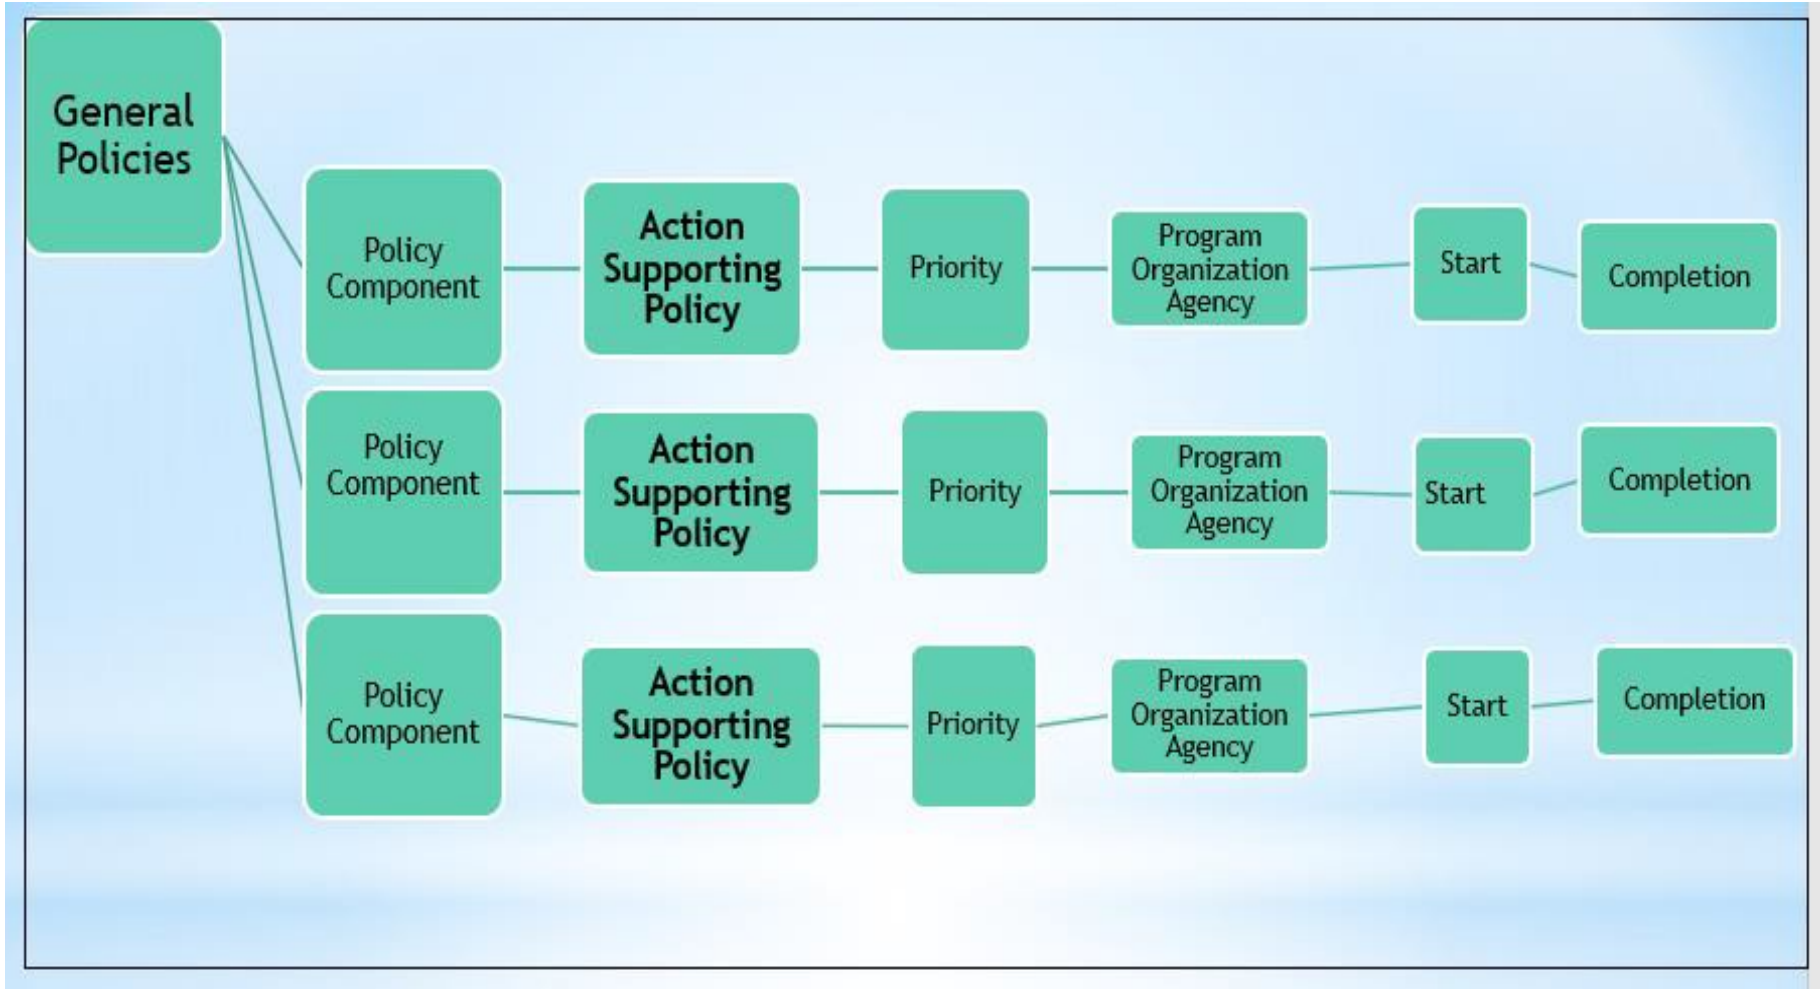

FEP II Roadmap

Draws from the FEP II Implementation Plan and presents 3 to 5 priority actions for each of the 9 approved policy statements of the Council which would be initiated or completed over the next two years. advance Council policies supporting the move to EBFM in the South Atlantic Region
