THE SOUTH ATLANTIC FISHERY MANAGEMENT COUNCIL

Next meeting dates and methods

Next meeting dates and methods

During the April 2024 meeting we discussed moving the meeting from two in person meetings held in April and October to something else.

Can we have an in-person and a webinar? Do we prefer just in person?

Would moving to January/July be better? Another pair of months?

An underwater photograph showing a large school of small, silver fish with dark stripes swimming in the upper left. In the lower right, there is a large, complex coral structure with pinkish-purple and white polyps. A single, larger fish with prominent vertical stripes is swimming towards the right in the center. The water is a clear, deep blue-green.

Other business?
