

**SUMMARY REPORT  
FROM THE HIGHLY MIGRATORY SPECIES COMMITTEE**

**Charleston, SC**

**September 15, 2014**

The Highly Migratory Species (HMS) Committee met September 15, 2014 and received a presentation by LeAnn Hogan of the NOAA, NMFS HMS Section on recent amendments developed or being developed by NMFS HMS. Additionally, the committee had a discussion regarding shark interactions with South Atlantic fisheries, particularly the king mackerel, cobia, and amberjack commercial fisheries and recreational hook and line fisheries.

**The Committee did not make any motions.**

**MOTION: COUNCIL FORWARD HMS COMMENTS TO NMFS HMS.**

**MOTION APPROVED BY COUNCIL**
