The Committee approved minutes from the December 2018 meeting and the agenda.

**Executive Director Search Process & Timing**

Chester Brewer, Personnel Committee Chair, reviewed the process and timing being followed by the Personnel Committee in the search for the next Executive Director given that Gregg Waugh will retire at the end of the year. Applications are due on or before June 21<sup>st</sup>. The goal is to conduct in-person interviews at the September 2019 Council meeting and to make a final decision at that meeting. Hopefully some overlap with the current Executive Director will be possible prior to and during the December 2019 Council meeting depending on the successful applicant's timing. In response to a question, Mr. Brewer indicated that the ability to participate in some period of overlap will not be a selection criteria.
