Reminders

- All meetings are open to the public
- Email distribution lists for all assessments
- Public comment opportunities for all assessments

The screenshot shows the SEDAR website homepage. At the top is a navigation bar with links: Home, About, SEDAR Projects, and How to Get Involved. The main heading is "Welcome". Below it is a paragraph describing SEDAR as a cooperative process for stock assessment projects in NOAA Fisheries' Southeast Region. To the right is the SEDAR logo, which features a compass rose with "SOUTH EAST" and "Data, Assessment & Review". Below the logo are buttons for "Upcoming Events" and "FAQs". On the left side, there are buttons for "Search SEDAR Assessments" and "List of Assessments". Below these are sections for "Recent Documents" and "Upcoming Events". The "Recent Documents" section lists several reports, including "SEDAR 98 AP-02: Public comments received during the Assessment state of SEDAR 98" and "SEDAR 98 Gulf Red Snapper Document List - 18 September 2024". The "Upcoming Events" section lists events such as "SEDAR 98 Gulf Red Snapper Review Workshop" and "SEDAR 103 Caribbean Application of Alternate Assessment Methods Post-Development Workshop Webinar 1".

The screenshot shows the SEDAR 107 ASMFC Cobia project page. At the top is the title "SEDAR 107 ASMFC Cobia" and the SEDAR logo. Below the title is the "Project Description" section, which provides a detailed overview of the assessment, including its history and the current status. To the right of the description are buttons for "Upcoming Events" and "FAQs". Below the description is a section for "SEDAR Assessment Schedule" with a calendar view. To the right of the schedule is a section for "SEDAR Assessment Quick-links" with a grid of links. At the bottom of the page is a section for "PUBLIC COMMENTS" with a form to submit comments and a link to view comments.

Thank you!
