

<b>MANAGEMENT AND COORDINATION ALTERNATIVES TO ADDRESS SPECIES MOVEMENT NORTH</b>					
<b>Alternatives</b>	<b>Snapper Grouper FMP</b>	<b>Coastal Migratory Pelagic FMP</b>	<b>Comments</b>	<b>Pros</b>	<b>Cons</b>
<b>1. Extend Existing FMP</b>	Extend SAFMC Management Unit to cover Federally Unmanaged Species (through MA)		MA votes at SAFMC Committee	Relatively fast; less work for other Councils	No vote at full Council
	Extend SAFMC Management Unit to cover Federally Unmanaged Species (through MA and NE)	Extend SAFMC Management Unit to cover Federally Unmanaged Species (through NE)	MA & NE vote at SAFMC Committee	Relatively fast; less work for other Councils	No vote at full Council
<b>2. Joint FMPs</b>	Request Joint FMP with MA & SA to cover Federally Unmanaged Species (through MA)			Vote by each Council	Takes longer; more work for other Councils
	Request Joint FMP with MA, NE & SA to cover Federally Unmanaged Species (through MA & NE)	Request Joint FMP with NE & SA to cover Federally Unmanaged Species (through NE)		Vote by each Council	Takes longer; more work for other Councils
<b>3. New FMPs</b>	New MA FMP to cover Federally Unmanaged Species (through MA)	New NE FMP to cover Federally Unmanaged Species (through NE)		Vote by each Council	Takes longer; more work for other Councils
	New MA & NE FMPs to cover Federally Unmanaged Species (through MA & NE)	New NE FMP to cover Federally Unmanaged Species (through NE)		Vote by each Council	Takes longer; more work for other Councils
<b>4. Memorandum of Understanding (i.e., Deep Sea Coral MOU)</b>	Develop MOU to share information on management and research to enhance regional coordination and conservation.	Develop MOU to share information on management and research to enhance regional coordination and conservation	Still requires Alternatives 1, 2 or 3 to implement regulations.	Vote by each Council	Takes longer; more work for other Councils
