### **Council Seeks Applicants for Federal Fishery Advisory Panels and Workgroup System Management Plan Workgroup formed to address managed areas**

The South Atlantic Fishery Management Council is currently soliciting applicants for open advisory panel seats as well as fishing representatives to serve on the System Management Plan Workgroup. The Workgroup will address future needs of managed areas in federal waters in the South Atlantic. The Council's advisory panel members provide information and guidance in the development and implementation of federal fishery management plans. The Council has 13 advisory panels composed of individuals who are engaged in the harvest of managed species, or are knowledgeable and interested in the conservation and management of the fishery or managed species. Members include recreational and commercial fishermen, seafood dealers and processors, scientists, non-governmental organizations (NGOs) such as environmental groups, fishing organizations, etc., and concerned citizens.

Advisory panel members are appointed by the Council and serve for a three-year period, based on the frequency of meetings. As those appointments expire, members currently serving on an AP may reapply for their positions. These seats are also open to new applicants. Members may serve three consecutive terms before reaching their multi-term limit. The Council's advisory panels generally meet no more than once or twice each year and are compensated for travel and per diem expenses for all meetings. Applications are now being solicited for the following advisory panel positions:

<b>Coral Advisory Panel</b>	<b>3 Open Seats</b>
<b>Dolphin Wahoo Advisory Panel</b>	<b>(1) SC Open Seat and (1) GA Open Seat</b>
<b>Habitat Advisory Panel</b>	<b>(1) NC Commercial and (1) NC Conservation; (1) FL Recreational Seat and (1) FL Commercial; and (1) At-Large Research/Geologist Seat</b>
<b>Law Enforcement Advisory Panel</b>	<b>(2) Recreational Seats</b>
<b>Mackerel Cobia Advisory Panel</b>	<b>3 Open Seats</b>
<b>Snapper Grouper Advisory Panel</b>	<b>(3) NC Open Seats; (1) SC Open Seat; (1) GA Open Seat; (2) Florida Open Seats; and (1) NGO Seat</b>

### **System Management Plan Workgroup Positions**

The Council is also soliciting applicants to represent commercial and recreational interests on its System Management Plan (SMP) Workgroup. The newly formed workgroup will provide recommendations on managed areas in federal waters under the Council's jurisdiction. The Council currently has system management plans in place for Deepwater Marine Protected Areas, Spawning Special Management Zones, and the Oculina Experimental Closed Area. Additional areas will be added, with the goal to eventually have a single System Management Plan in place for all managed areas.

*(Continued)*

### **Advisory Panels and Workgroup Applicants** *(Continued)*

The System Management Plan Workgroup will be responsible for drafting reports on the recommendations for size, configuration, and regulations for managed areas; discussing research, outreach, and enforcement efforts; and commenting on research priorities. The Workgroup will meet two times per year. Travel and per diem expenses will be covered if in-person meetings are held.

The Council is soliciting applicants for the following positions on the System Management Plan Workgroup:

- **Recreational Representatives** (1) SC; (1) GA; and (1) FL
- **Commercial Representatives** (1) NC; (1) GA; and (1) FL

### **Advisory Panel and Workgroup Applicants**

Application forms for individual advisory panels and the SMP Workgroup are available online from the Council's website at: <http://safmc.net/about-safmc/advisory-panels/>. For questions about the advisory panel seats please contact Kim Iverson, Public Information Officer, at [Kim.Iverson@safmc.net](mailto:Kim.Iverson@safmc.net) or call the Council office at 843/571-4366. Questions regarding the SMP Workgroup should be directed to Dr. Chip Collier at [chip.collier@safmc.net](mailto:chip.collier@safmc.net) or by calling the Council office.

Applicants are strongly encouraged to contact area Council representatives to discuss their interest in serving. Contact information for all Council members is available from the "About Us" section of the Council's website at [www.safmc.net](http://www.safmc.net) or through the Council office.

Advisory panel and workgroup members will be selected during the Council's September 17-21, 2018 meeting in Charleston, SC. **Applications must be received by August 22, 2018** for consideration by the Council during the September meeting.

**The South Atlantic Fishery Management Council, one of eight regional councils, conserves and manages fish stocks from three to 200 miles offshore of North Carolina, South Carolina, Georgia and east Florida.**
