

SAFMC Scamp Release

This is a form to help record information on released scamp grouper as part of the Citizen Science Program's SAFMC Release project. It can be used to help record information while fishing that can then be entered in the SAFMC Release mobile app using your individual account. If you would like to help collect data, but do not have access to a smart phone - please send your completed form to julia.byrd@safmc.net.
