

OVERVIEW

SAFMC Data Workshop

December 2, 2013
Hilton Wilmington Riverside
301 North Water Street
Wilmington, NC

The SAFMC Data Workshop will be organized in two separate segments:

I. Presentations

1. Regional Electronic Monitoring Input for NOAA's Policy on Electronic Technologies and Fishery-Dependent Data Collection (45 minutes) (**Attachment 1**) – George LaPoint

REQUIRED COMMITTEE ACTION: Provide input on electronic monitoring and data collection with special emphasis on the potential for industry paying part of the cost.

2. Commercial Quota Monitoring Program (45 minutes) (**Attachment 2**) – Dr. Steve Turner, NMFS SEFSC

REQUIRED COMMITTEE ACTION: Provide input on commercial quota monitoring program as appropriate.

3. ACCSP Presentation (**Attachment 3**) – Mike Cahall, ACCSP

REQUIRED COMMITTEE ACTION: Provide input on ACCSP program as appropriate.

-----10 Minute Break-----

II. Hands-on Individual Sessions – all running at the same time

1. NMFS SERO MPA Decision Tool (**Attachment 4**) – Dr. Mike Larkin, NMFS SERO, will work with Council members one-on-one at their computers to show them how to use this decision tool. Understanding this tool will be helpful in discussions about Snapper Grouper Regulatory Amendment 17 (MPAs) on Tuesday and Wednesday.
2. Council Information Management System (IMS) (**Attachments 5 & 6**) – Roger Pugliese, Council staff, will work with Council members one-on-one at their computers to show them how to use parts of the IMS. **Attachment 5** is a presentation that you should review prior to the workshop as it explains how the ecosystem tool works. **Attachment 6** is a manual for the Atlas and should also be reviewed prior to the workshop. Information in the IMS will be helpful in Regulatory Amendment 17 (MPAs) discussions.
3. ACCSP hands on session if our schedule and timing permits.
