Subject:

Good afternoon all,

My name is John Williams and I am member of the Deepwater Shrimp AP for SAFMC, a member of the Gulf of Mexico Shrimp Council Shrimp AP and the Executive Director of the Southern Shrimp Alliance.

I strongly support preferred alternative 2 for Coral Amendment 10 within the Shrimp Fishery Access Area. This action was supposed to take place approximately 10 years ago. I am asking that you support this preferred alternative 2 when it comes time to vote.

Thank you for your attention.

John A. Williams
Ex. Director
Southern Shrimp Alliance
