SEFSC Voluntary e-logbook update

NOAA
FISHERIES

SEFSC

- Reporting requirements are being re-evaluated based on feedback from the Gulf Council Advisory Panels.
- Finalize Technical Requirements Document for 3rd party Vendors (pending)
- Infrastructure changes at ACCSP
 - ✓ A VIEW to push SEFSC data has been developed and data flow is being tested.
- Modifications to ACCSP and SEFSC applications
 - ✓ SEFSC applications complete (No Fishing reports)
 - ACCSP applications pending completion

SEFSC Voluntary e-logbook update

NOAA
FISHERIES

SEFSC

- Integrating and mapping ACCSP data into SEFSC Database (ongoing)
- Using an application to push test data to database View. Testing of data flow is dependent on the functionality of eTrips mobile, which has regular/frequent updates (ongoing)
- Validations are being established for the newly created variables (ongoing)
- ✓ Linking SAFIS Participants to SERO entities
 - ✓ **Self-creation tool for new SAFIS users (now accommodates business and LLC entities)**

SEFSC Voluntary e-logbook update

NOAA
FISHERIES

SEFSC

Volunteers: Recruitment of commercial fishing permit holders to voluntarily submit their fishing reports electronically. (ON HOLD)

Potential application developers: All eLog mobile applications will need to reflect SEFSC Reporting and Technical requirements before approval.

Report for Pilot Project is in the NOAA Research Publication Tracking System review process (available soon!)

Current Fisheries Electronic Reporting at SEFSC

- Fishers can now register and submit No-Fish Reports electronically
- SEFSC no longer accepts faxed or emailed No-Fish Reports
- All No-Fish reports need to be mailed or submitted through FER website

Summary

- Re-evaluation of certain reporting elements (pending)
- Completion of ACCSP reporting app (pending)
- Recruitment of volunteers (Southeast commercial permit holders) (ON HOLD)
- Providing feedback to ACCSP to address any outstanding DB issues.
- Account creation tools for new users can now accommodate business or LLC permit holders
